Production of Urea and muriate of potash

423. SHRI RAMDAS AGARWAL : Will the PRIME MINISTER be pleased to state :

(a) What steps Government have taken so far to increase the production of fertilizers particularly urea and muriate of potash with a view to stabilise the prices of fertilizeis in the country ;

(b) the details of the units where the production is being increased ;

(c) whither Government have decided to invite the participation of private sector in this field ;

(d) if so, the details thereof ; and

(e) the number of fertilizer industries likely to be setiup under public and private sector during the Eighth Five Year Plan period in the courtry particularly in Rajasthan and Orissa and the production of target fixed therefor ?

THEMINISTEROF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS (SHRI CHINTA MOHAN) : (a) As a part of the Eighth Five Year Plan, it is proposed to set up new units and also expand existing units, besides modernisation, rehabilitation and retrofitting of exiting plants, for increasing the production of various types of fertilizers including urea.

As regards muriate cf potash, there are no knewn source cf potash in India and hence the same has to be imported fully.

(b) It is proposed to increase the production of fertilizers *in* the plants located at ViJaipur, Jagdishpur, Aonla, Kandla, Hazira an Thai. The existing plants of MFL at Madras and FACT at Cochin are also proposed to be expanded. The netiofit possibilities of DAP plants exist in SPIC, ZAC, GSFC at Skka, Godava/ Fertilizers, HLL, PPL and MCF.

(c) and (d) Ths Private sector is presently operating a number of fertilizer units and will continue to participate in expension of product*'on of fertilizers in future. Presently, no licence is required for producing fertilizers.

(t) The Eighth Five Year Plan is yet to be finalised and full details will be available only after its finalisation. However, if all the proposals materiahse,the installed capacity of nitrogen and phosphates at the end of the Eifhth Five Year Plan would attain a level of 113.17 lakh tonnes and 37.67 lakh tonnes, respectively, as against the present level of 82.50 lakh tonnes and 27.51 lakh tonnes, respectively. In Raiashthan, a new grass-root Urea plant is being set up at Gadepan in the private sector with a capacity to produce 2250 tonnes per day of urea. In Orissa, it is proposed to consider retrofit of DAP plant of Praradeep Phosphates Limited.
